

Percent of People without Disabilities, Age 65 or Older with Health Insurance

Summary

According to the U.S. Census, people with insurance have insurance provided by any means including from their employer, directly from an insurance company, from Medicare or Medicaid, or other government healthcare program (like the VA, Tricare or Indian Health Service). The lowest state or territory was Texas (TX) at 97.9%. The highest state or territory was Maine (ME) at 99.8%. Detailed information is available below in the map and table below.
