

Percent of People with Disabilities, Age 65 or Older with Public Health Insurance

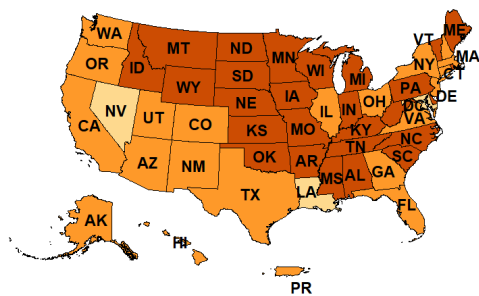

Summary

According to the U.S. Census, people with public insurance have insurance provided by Medicare (for people aged 65 and older or people with certain disabilities) or Medicaid (for people with low incomes or a disability). The lowest state or territory was District of Columbia (DC) at 95.6%. The highest state or territory was West Virginia (WV) at 99.2%. Detailed information is available below in the map and table below.
